City Directory

Indispensable

SPECIAL

CLASSIFIED

ADVERTISING DEPARTMENT

OF THE

AKRON CITY DIRECTORY

1938-9

This section of the Directory contains the Advertisements and Professional cards of the more progressive business men, classified according to their respective line of business or profession. In brief, they are the men who are making business and history for Akron. Patronize them and you will be sure of a square deal.

We have on file in our Directory Library every issue of the Akron City Directory, beginning with the 1868 edition, down to the current issue. These volumes contain a wealth of information concerning the people who were listed in the Directory during the past 70 years.

Persons listed in the earlier Directories are now only memories, but their listings in the Directory remain the same as when they were here in person.

These rare volumes, as well as hundreds of current Directories of other cities, are available for public reference, without cost,—just a part of our service.

If only he knew where to look

Lots of folks hunt the hard way for information that is ***right at hand*** if they knew where to look.

They buy with part knowledge of those who sell; they guess at addresses; they waste postage and misspell names.

* * * all of which might be avoided by learning how to use the scientific compilation of information in the ***City Directory.***

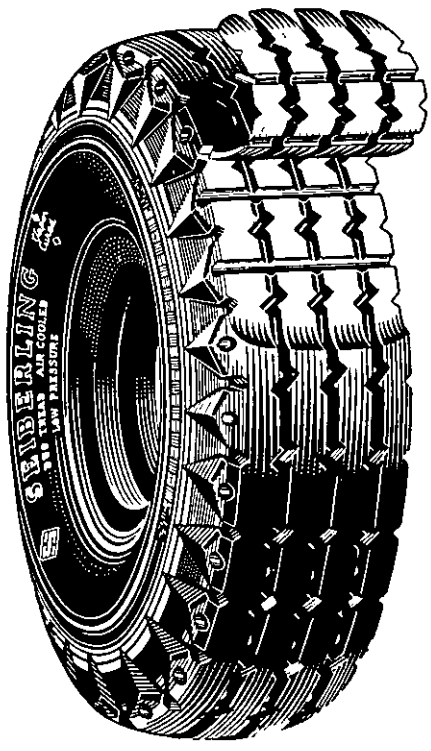
Don't Be Penny Wise and Tire Foolish!
Get SEIBERLING TWO-TREAD TIRES



The wise tire buyer thinks first of the number of miles per dollar that his tire will give him. The Seiberling Air-Cooled tire is recognized as the longest wearing tire on the market today.

Its patented air-cooling principle, coupled with the fact that it is the world's only two-tread tire, makes it unsurpassed for long mileage and economical service.

The two-tread feature assures you of a tread that never wears smooth, never permits you to become an easy victim of the slick tire menace. When the first husky tread wears off the second appears. Come in today and learn how you too may become tire wise!

YOU SET THE PRICE!

Bring your car in today and tell us what you think your old tires are worth. If we believe your proposition to be reasonable we will allow you the amount you ask as a down-payment on a set of new Air-Cooled Seiberlings, America's finest tire.

THEY'RE AIR-COOLED!

AS AN ADVERTISER

In the City Directory

You profit by greater publicity which your Advertisement and Classified references receive through the Directory Library plan, conducted by all members of the Association of North American Directory Publishers.

THIS DIRECTORY IS THE PRODUCT OF
THE BURCH DIRECTORY CO.

A Member Of The

ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS

Thus assuring patrons the ultimate service that skill and care can produce in the way of City Directories, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association in 1898, and strictly adhered to since that date, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the Directory.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found and the Directory be made to serve its fullest use as a business and social reference and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

If only he knew where to look

Lots of folks hunt the hard way for information that is ***right at hand*** if they knew where to look.

They buy with part knowledge of those who sell; they guess at addresses; they waste postage and misspell names.

* * * all of which might be avoided by learning how to use the scientific compilation of information in the ***City Directory.***

NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.
